**The NGO Objectif Sciences International will soon be celebrating its 30th anniversary, as well as the 20th anniversary of [the invention of [Participatory Research](#) on Science Education Camps by its founder]-Â»**

<https://www.osi-ngo.org/qui-nous-sommes/article/historique-d-objectif-sciences-international>].

**However, it's another very important anniversary we're celebrating in March 2021!**

**The NGO OSI is today celebrating 10 years of obtaining Special Consultative Status to the United Nations (ECOSOC) !**

To celebrate this very special status, the team wanted to highlight what it has been doing for so many years, to increase girls' access to science, with this little evocative video!

We thank you in advance to share this video to your networks!

| You will find on [this link](http://www.science-camps.com/) [http://www.science-camps.com/] all the [scientific stays](http://www.science-camps.com/) [http://www.science-camps.com/] proposed by the NGO all over the world!
